FINE PAPERS

MADE FOR RETAIL

Fine Correspondence Collection

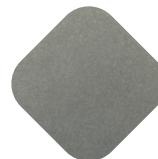

Comet Range

A particularly beautiful paper with a shimmering surface lustre. It's sheer elegance inspires creative innovation in all types of graphic and structural design. Comet is a fully dyed-through paper with a double-sided pearlescent coating. The distinctive surface sheen will show through the ink and develop graphics in interesting ways.

Ambassador Range

A natural white tone with a laid surface finish. The ambassador papers provides smart and luxurious co-ordination of your stationery. In addition ambassador papers contain silver for antimicrobial protection.

Natural White

The product is made with a mixture of materials from FSC-certified forests, recycled materials, and/or FSC-controlled wood. While controlled wood doesn't come from FSC-certified forests, it mitigates the risk of the material originating from unacceptable sources.

Giving a second life to your coffee cups. This artisan paper contains 20% Cupcycling™ fibre.
